

## **WFWI Website cookie policy, and terms and conditions of use**

### **Cookies**

This website uses cookies – small text files that are placed on your machine to help the site provide a better user experience. In general, cookies are used to retain user preferences, collect information from those who comment on news items, and provide anonymised tracking data to third party applications like Google Analytics. As a rule, cookies will make your browsing experience better. However, you may prefer to disable cookies on this site and on others. The most effective way to do this is to disable cookies in your browser.

### **Leaving Comments on our Website**

1. If you leave a comment on our site you may be asked to opt in to saving your name and email address in cookies. These are for your convenience so that you do not have to fill in your details again when you leave another comment. These cookies will last for one year.
2. When visitors leave comments on the site we may collect the data shown in the comments form, and also the visitor's IP address and browser user agent string to help spam detection.
3. If you leave a comment, the comment and its metadata are retained indefinitely. This is so we can recognise and approve any follow-up comments automatically instead of holding them in a moderation queue.
4. If you have an account on this site, or have left comments, you can request to receive an exported file of the personal data we hold about you, including any data you have provided to us. You can also request that we erase any personal data we hold about you. This does not include any data we are obliged to keep for administrative, legal, or security purposes.

### **Embedded content from other websites**

5. Articles on this site may include embedded content (e.g. videos, images, articles, etc.). Embedded content from other websites behaves in the exact same way as if the visitor has visited the other website.
6. These websites may collect data about you, use cookies, embed additional third-party tracking, and monitor your interaction with that embedded content, including tracking your interaction with the embedded content if you have an account and are logged in to that website.

### **Authors and editors of website content**

7. If you upload images to the website, you should avoid uploading images with embedded location data (EXIF GPS) included. Visitors to the website may be able to download and extract any location data from images on the website.
